## New Art Section

**21 young galleries in the Tobacco Factory who are displaying solo presentations by upcoming talent**

"I'm amazed by the variety of applying galleries from all over Europe and by the willingness to make a bald statement. Something very much needed in the vast amount of fairs offered these days."

Which presentations in the New Art Section I'm looking forward to?

"There are a few, including Jessica Lajard(Irene Laub Gallery, Brussels), Mary-Audrey Ramirez(Martinetz, Cologne), Malte Masemann (Tobias Naehring, Leipzig) and Sofia Goscinski (Unttld Contemporary, Vienna). Those four artists show a very interesting twist in their presentations."
